Education

- Full Stack Web Development**
Masai
October 2023-present
- Bachelor's In Computer Application**
Indira Gandhi National Open University
- High School**
Saint Soldier Divine Public School

Technical Skills

- MongoDB
- JavaScript
- RESTful APIs
- Git
- Data Structures And Algorithms
- CSS3
- HTML5
- Python
- MySQL
- Responsive Web Design
- Bootstrap
- Tailwind

Soft Skills

- Problem Solving
- Attention to Detail
- Teamwork

Certifications

- Full Stack Data Science** 
iNeuron.ai
Data science course which includes training on python,data analysis and creating and deploying machine learning models.

Sunny Kumar

Full Stack Web Developer

Professional Summary

Dynamic Full Stack Web Developer skilled in MERN stack, RESTful API design, and collaborative development. Adept at creating efficient, scalable web applications with robust problem-solving and team collaboration skills. Committed to continuous learning and applying the latest web development trends to enhance software quality.

Projects

Chenab-Pointer-011 [Live Demo Link](#) [Github Repo Link](#)

- JavaScript
- Responsive Web Design
- HTML5
- RESTful APIs
- CSS3
- Git
- Json-server

- Designed UI and UX for category page, supporting multi-level filtering based on category, gender, fit, material, and rating.
- Implemented infinite scrolling to optimize server performance and enhance user experience.
- Implemented responsive design using HTML5, CSS3, and JavaScript to ensure accessibility across various devices.
- Collaborated with a team to integrate frontend components with a RESTful API backend using Json-server, ensuring seamless data flow.

Movieverse [Live Demo Link](#) [Github Repo Link](#)

- HTML5
- CSS3
- Responsive Web Design
- Bootstrap
- Git
- JavaScript

- Developed a dynamic, single-page component using React for exploring movies, comics, games, and TV shows.
- Created carousels with overlay text and hover effects to enrich the user experience.
- Implemented a responsive hamburger menu and footer for smooth navigation across different devices.
- Managed team collaboration and version control using Git, resolving conflicts and ensuring code quality.

Experience

iNeuron.ai | Data Science Intern May 2022 - August 2022

- Gathered data using web scraping techniques with Python and BeautifulSoup, showcasing strong data extraction skills.
- Created and optimized machine learning models to predict outcomes, demonstrating proficiency in model development and optimization.

Self-Employed | Teacher August 2019 - September 2023

- Delivered educational sessions on science, math, and Python, indicating strong communication and instructional abilities.
- Engaged with students through interactive sessions, displaying skills in mentorship and knowledge transfer.
